

Is6502::Message

```
classDiagram
    class Is6502RequestMessage["Is6502::RequestMessage"]
    class Is6502Message["Is6502::Message"]
    Is6502RequestMessage --|> Is6502Message
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'Is6502::RequestMessage'. A blue arrow points vertically upwards from this box to a white box labeled 'Is6502::Message' at the top. This represents that 'Is6502::RequestMessage' inherits from 'Is6502::Message'.
